UUSB Public Issues Policy

Adopted February, 2006
Reviewed 2014

May it be resolved that when the UUSB takes a stand on a public issue, it will publicize its position. It will consider various means, including contacting the media, testifying at hearings, participating in marches and rallies, and displaying banners and signs on church property.

Council is the responsible party to designate who may speak on behalf of the Society.

When UUSB decides to display banners or signs, consideration will be given to visibility and security. The Building and Grounds Committee will be responsible for installation and removal.

The UUSB affirms its objective of proclaiming its positions on issues in accordance with the will of the congregation.
